Suitable Extinguishing Media

Use an extinguishing agent suitable for the surrounding fire (except unsuitable listed below)

Unsuitable Extinguishing Media

Most foams will react with the material and release corrosive/toxic gasses.

Specific Hazards Arising from the Chemical

Thermal decomposition can lead to release of irritating and toxic gasses and vapors. In the event of fire and/or explosion do not breathe fumes.

Protective Equipment and Precautions for Firefighters

Wear a self-contained breathing apparatus and chemical protective clothing.

Flammable Properties

Non-combustible, substance itself does not burn but may decompose upon heating to produce corrosive and/or toxic fumes.
